

T-90S

Firepower of a Born Leader

The T-90S Main Battle Tank is a hi-tech weapon system, based on a century-long experience gained by the global and Russian tank-building industries.

The T-90S MBT is equipped with powerful armament, advanced fire control systems, reliable armour protection, and can boast of great maneuverability. Its 125mm enhanced-accuracy smoothbore cannon is fully stabilized and has an autoloader, which augments MBT's firepower drastically. The tank has a 7.62mm coaxial MG, 12.7mm anti-aircraft HMG and ATGMs. The T-90S MBT offers comprehensive protection against conventional ammunition, precision guided weapons (guided artillery projectiles, ATGMs) and anti-tank rockets. The T-90S MBT is a battle and time tested weapon system, which is extremely reliable under any weather conditions and in any terrain.

Main characteristics:

- Crew: 3
- Weight with ammo: 46.5 t
- Engine: 1,000 hp
- Power to weight ratio: 21.5 hp/t
- Top Road Speed: 60 km/h
- Cruising range: 550 km
