

## FIDAE – 2018

International Air and Space Fair FIDAE 2018 is one of the largest aviation and space exhibitions in Latin America. The exhibition is a demonstration of sophisticated aviation equipment and advanced technologies, including a variety of dual purpose and civilian products.

In 2018 it will be the 20<sup>th</sup> exhibition, which will be held on April 3-8 in the territory of the Arturo Merino Benitez International Airport located in the vicinity of Santiago. The periodicity of the exhibition is once every two years.

Russia has been participating in FIDAE since 1994.

The exhibition is organized under the aegis of the Chilean Armed Forces with the support of the country's Office of the President and Government.
