

Eurosatory – 2018

EUROSATORY, the international Land and Air-Land Defence and Security Exhibition, is one of the world's largest exhibitions of land and air defence weaponry. It has been held biennially under the patronage of the Ministry of Defence of France since 1992.

In 2018, the exhibition will run from 11 to 15 June in Nord Villepinte, suburbs of Paris.

The year of 2018 will mark the 12th time Russia has participated in EUROSATORY. FSMTC of Russia has decreed that responsibility for the organization of the Russia's joint display at the exhibition should be vested in Rosoboronexport.

The exhibition's main focus is the land and air defence weaponry, as well as communications assets, computer technologies, simulators and logistics support. It has also placed special emphasis on the upgraded versions of current military equipment. Manufacturers of dual-purpose, crisis management, humanitarian aid, peacekeeping, security and counterterrorist products have enjoyed an increasingly broader representation at the exhibition in recent years.
