

Rosoboronexport supports Fifth Primakov Readings

Rosoboronexport JSC (part of the Rostec State Corporation) provides support to the Fifth Primakov Readings International Summit, which takes place on June 10-11, 2019 at the World Trade Center in Moscow.

“Every year, the Primakov Readings have been raising important geopolitical issues that have implications for Rosoboronexport as the implementer of Russia's policy in the field of military-technical cooperation with foreign countries. Here, the world's leading experts and diplomats are discussing the Middle East and Asia-Pacific region, the areas that are strategically important for our operations and occupy the prevailing share in our order book,” said Rosoboronexport's Director General Alexander Mikheev.

Rosoboronexport carries out military-technical cooperation with more than 100 foreign countries. Diplomatic personnel provide essential support to the Company in enhancing its position in the global market.

Negative trends in public opinion about Russian arms, initiated by competitors engaged in unfair competition, are being mitigated through an objective point of view expressed by a number of experts in the regions and Rosoboronexport's partner countries.

The Primakov Readings have taken one of the leading positions among public and scientific events in Russia. They bring together leading Russian and foreign experts, politicians and diplomats every year. The summit is among the ten most important international scientific expert conferences of the world, according to the University of Pennsylvania's ranking list of expert institutions.

Rosoboronexport is the only state-owned arms trade company in the Russian Federation authorized to export the full range of military and dual-purpose products, technologies and services. It is a subsidiary of the Rostec Corporation. Founded on 4 November, 2000, now Rosoboronexport is one of the leading world arms exporters to the international market. Its share in Russia's military exports exceeds 85 percent. Rosoboronexport cooperates with more than 700 enterprises and organizations in the Russian defence industrial complex. Russia maintains military technical cooperation with more than 100 countries around the world.

State Corporation Rostec is one of the largest industrial groups in Russia. It comprises over 700 scientific and production entities in 60 regions of the country. Rostec's key business areas include transport machine building, electronics, medical technologies, chemistry and innovative materials. Rostec's holding companies form three clusters: the Radioelectronics cluster, the Weapons cluster and the Aviation cluster. Rostec's portfolio includes famous brands such as AVTOVAZ, KAMAZ, Concern Kalashnikov, “Russian Helicopters”, Uralvagonzavod, etc. Rostec takes an active part in implementation of all 12 National Projects. The company is a key supplier of Smart City technologies, carries out digitization of the government, industry, social sector, and prepares plans for developing 5G wireless technologies, the industrial Internet of Things, big data and blockchain systems. Rostec is a partner of the world's leading manufacturers such as Boeing, Airbus, Daimler, Pirelli, Renault, etc. The corporation supplies its products to more than 100 countries. Export of high-tech products provides for almost a

third of the company's revenue.
