

## Aero India 2021

Aero India 2021 | India, Bengaluru | 3 – 5 February

International aerospace exhibition Aero India has been held since 1996 under the aegis of the Ministry of Defence and the Government of India at the Air Force Station in Yelahanka, Bengaluru. In 2021 the exhibition will be held for the 13<sup>th</sup> time. It is organized every alternate year. Rosoboronexport has taken part in all previous shows.

Thematic scope of the exhibition includes: combat aviation, unmanned aerial vehicles, air transport, aviation instruments, navigation equipment, security systems, airbase and airport equipment, technologies of ground services.

In line with the decision of the Federal Service for Military-Technical Cooperation, Rosoboronexport is defined as the organizer of Russia's joint display.

At present, Aero India has acquired the status of one of the leading aerospace exhibitions.

The organizers of the exhibition in 2021 are the Ministry of Defence of India, Ministry's Department of Defence Production and Indian aircraft manufacturing company Hindustan Aeronautics Limited (HAL). The operating company is the Defence Exhibition Organisation (DEO).
