

ArmHiTec 2021

25 – 27 March

The international exhibition of arms and defence technologies ArmHiTec has been held since 2016. The exhibition is organized by the Ministry of High Technology Industry of the Republic of Armenia, the State-Military-Industrial Committee under the Ministry of Defence of the Republic of Armenia, CJSC “Yerevan Telecommunication Research Institute” and CJSC “Exhibition Companies Group “BIZON”.

The exhibition is held as a complex of exposition and business events, aimed at a wide-scale demonstration to potential customers of high-tech, innovative developments and turnkey solutions in the area of present-day armaments, military equipment and technologies, as well as in the field of logistic support of the Armed Forces of Armenia, provision of appropriate material resources, products and general services.

In line with the decision of the Federal Service for Military-Technical Cooperation, in 2021 Rosoboronexport is defined as the organizer of Russia’s joint display.
