

## DSE Vietnam 2021

Hanoi, Vietnam

The international defence and security exhibition Defense & Security Expo Vietnam (DSE) is a unique venue for producers, distributors and agents, operating in the area of defence and security, where they may demonstrate their capabilities and solutions, meeting the needs of Vietnam's Peoples Armed Forces and security forces.

Rosoboronexport acts as the organizer of Russia's joint display at the DSE 2021 exhibition, which will be held for the second time at the International Centre for Exhibition in Hanoi.

The aim of DSE Vietnam is to bring together key decision makers and representatives from Vietnam's Ministry of National Defence, the Ministry of Public Security and the Vietnamese defence and security industries so that they could meet and network with the leading suppliers of sophisticated products, technologies and solutions from around the world.

The thematic scope of the exhibition includes:

Armoured combat vehicles

Ballistic protection

Biometrics

Border security and control

Systems of protection from chemical, biological, radioactive, nuclear and explosive substances

Equipment and systems of civil defence

Systems of command, control and communication

Countering terrorism and systems of internal state security

Search and rescue systems, equipment and services

Systems of field hospitals

Advanced systems of health protection and evacuation

Guided missiles and weapon systems

Helicopters and military aviation

Systems of ground, air and naval defence and surveillance

Naval and air force platforms

Non-lethal weapons

Protective gear and equipment

Radar systems

Security systems

Training and simulation systems

Unmanned assets.
